BOOK SYNOPSIS

Maximum retention in minimum time! These "flashcards in a book" help you remember high-yield facts in the least amount of time possible Drawn from the perspectives of recent graduates fresh from their medical school and USMLE experience, Deja Review books focus specifically on what is essential for success on your course exams and the USMLE. Features: Active recall Q&As facilitate real learning, not just memorization Vignettes at the end of each chapter put the material in clinical context Mnemonics and key words help you focus on core facts Content works in conjunction with larger course books Portable size makes them great for study on the go Everything you must know about Biochemistry to ace your exams: Proteins; Metabolism; Nutrition; Molecular Biology; Genetics; Cell Biology and Physiology.
